PROFESSIONAL INFIELD CONDITIONERS

Pro's Choice products are developed to be one of the most absorbent soil conditioners possible, by thermally optimizing montmorillonite to drive out all the moisture and enhance its natural porosity. No other conditioner in the industry has higher absorption rates or lasts longer on your field. That means longer life for your sports field, less maintenance, greater safety for the players and all-around better playing surfaces.

ALL STAR TEAM

RED INFIELD CONDITIONER

Designed to meet the challenges of wet, dry or compacted infields, this unique durable granule helps create passageways for drainage and eliminate compaction for truer bounces and safer play.

SELECT PREMIUM INFIELD CONDITIONER

This premium infield conditioner keeps infields smooth, safe and resilient. It's uniformly sized granules and deep red color makes the perfect infield top dressing for professional looking infields.

RAPIDDRY DRYING AGENT

Stay in the game with Rapid Dry drying agent. These tiny granules are designed to quickly wick away excess water from your infield and keep your games playing safely and without delay.

PRORED PREMIUM RED TOPDRESSING

Pro's Choice Pro Red premium topdressing provides exceptional deep red color to your infield to give it the professional look of World Series Championship fields. Used by professional groundskeepers to enhance the look of their field, Pro Red is the only red conditioner that maintains its rich red color.
